likes his work there fine + glad
to get out of previous team.

July 6, 1945

Dear Folks,

It's been some time since I've heard from you but I imagine that is due to the fact that I have changed around so much.

I received a letter from Joan in California a few days ago and she said that she had gotten there too late to go to school and that F. and Lee had put her to work around the house.

I have not been able to put in an application yet as the personnel office is still messed up, but I have been assured that I will be able to when everything is ~~straightened~~ straightened out and I will let you know when I do.

I like my work here fine and was glad to get out of the team, I was in as the commander and I didn't get along too well. The food here is pretty good and they have a nice mess hall built. We have a radio in it and have music or news with our meals. They have also started building an officers club, (already)
 food groups
